Dear Fellow Indians,

This week marks the 'Third UN Global Road Safety Week' (May 4-10, 2015). The rates of road traffic death are three times higher in developing countries than in developed countries. The 'Third UN Global Road Safety Week' - #SaveKidsLives - seeks to highlight the plight of children on the world's roads and generate action to better ensure their safety - <http://www.who.int/roadsafety/week/2015/en/>

The Embassy of India, Abu Dhabi wants to use this occasion to remind all of us about safe conduct on the roads, and in particular to watch for the safety of our kids!

The most important step is, to ALWAYS buckle up your kids (and everybody) in the car!

The Embassy of India, Abu Dhabi also continues with our support for www.RoadSafetyUAE.com, and for kids-related tips of road safety, please refer to the following 3 links:

Please make sure, that you and your family stay safe on UAE's roads, and please share this important information with our fellow Indians.

Thank you for your support and participation!

Ambassador of India to UAE
